

SECTION 4.0

ELEMENTS OF THE GENERAL PLAN

The Elwood Town General Plan is comprised of several sections or chapters known as “elements.” This section of the General Plan provides a description of the individual elements of the Plan. There are seven different elements that make up this section of the Plan. These different elements include the following:

- Land Use Element
- Residential Element
- Commercial/Industrial Element
- Transportation and Circulation Element
- Recreation/Open space Element
- Community Facilities Element
- Annexation Element

Each of these elements of this section of the Plan will provide a general overview of the subject and identify any areas of concern. At the end of each element there will be a discussion of the different issues and some direction as how to deal with the specific issues.
